

LIKE CHILLED BOTTLED WATER,
HIGHER PROFITS ARE COOL
AND REFRESHING.

You're not in the trucking business. You just need a truck that delivers every last ounce of profit for your operation, a truck that projects a first-class image for your company.

That's the International® beverage truck. There's something in it for everyone, particularly owners, drivers and maintainers. This truck is made for beverage delivery. For example, outstanding

visibility and maneuverability make delivery easy whether you're in the city or the suburbs. And with a bold appearance, unmatched reliability and durability, an industry-leading International® engine, a comfortable cab environment, easy serviceability and world-class support, the International beverage truck quenches your thirst for higher profits.

THIRSTY FOR PROFITS? CHUG-A-LUG.

Superior ride, handling and comfort raise driver productivity.

- A tight turning radius ensures excellent maneuverability with up to a 50° wheel cut.
- Easy-to-grasp door handles, wider door openings and well-placed offset steps provide easy entry/egress.
- The cab offers more shoulder, head and belly room, while a high-output HVAC system keeps occupants comfortable in all kinds of weather.
- Double-sided galvanized steel cab is built to +/- 1.0-mm tolerances for superior fit and finish, along with a quiet ride.

Beverage delivery never looked so good.

- Three-step E-Coat prime/base coat/urethane clear coat paint process for the cab and hood offers outstanding resistance to corrosion and fading, and is backed by a five-year limited cab warranty.
- Powder-coated bumpers and other components provide outstanding corrosion and rust protection.
- Standard halogen headlights and chrome grille provide a bold and stylish appearance.
- The dramatically sloped hood enhances visibility and gives the truck a dynamic presence on the road.

Engineered for your business.

- The lighter, stronger frame system provides increased payload capacity and eliminates the need for "L" reinforcements.

- The integrated powertrain is specifically engineered for beverage haulers – adapting to load and driving conditions for unmatched responsiveness and performance.
- The International® Diamond Logic™ electrical system brings advanced diagnostics with minimal wires and connections. The system can monitor the functions of refrigerated bodies, helping to ensure the product is preserved and delivered at the intended temperature.
- Legendary International® engines extend truck life and reduce cost of ownership. Ratings up to 300 hp (224 kW) and 950 lb-ft (1288 N•m) of torque.

First-class support.

- Your local International® dealer provides comprehensive service and support. Many locations offer extended service hours, rental truck availability, leasing options, financial assistance through the International Finance Group and other services to help maximize uptime and ensure the lowest cost of operation over the life of your vehicle.
- Around-the-clock parts-ordering capability ensures you'll get the right part, fast.
- A choice of custom or optional warranty coverages that match your unique operating requirements.
